over 20 States!

Innovative and Disruptive Projects Launched...

Employer Empowering Strategic Assessment Tool... ACHRM developed and launched a first-in-class tool, Employer Empowering Strategic Assessment, including a menu of cost containment solutions and implementation services to assist employers in assessing their healthcare cost containment strategies, identify gaps and opportunities and implement solutions. ACHRM implemented its first pilot with a large health system in 2019.

Innovative Data Analytics Solution... ACHRM partnered with myCatalyst, Inc. to help employers understand their population, prioritize efforts and take charge of health plans and costs. Schedule a free demo with us to learn more about all capabilities and benefits to this new solution!

CEO/CFO White Paper... "Arming The CFO (& CHRO) with Tools, Resources, and Strategies to Sell His/Her CEO on Healthcare Cost Containment and Health Risk Management Strategies". To assist the CFO community in developing a more convincing business case... to be published in Spring 2020.

Telemedicine Education Series... "Why Traditional Telemedicine Programs Don't Work" including various webinars and Roundtable events across the country empowering employers with various strategies to successfully implement a Telemedicine program, including increased employee engagement.

Schools and Municipalities Educational Series... including many Roundtables and Webinars leading up to ACHRM's first National Conference in May 2020. ACHRM is still accepting speaker proposals and event registration opens soon for the conference! Visit our website at www.achrm/2020conference for more information!

PBM Engagement... ACHRM has identified critical elements of PBM contracts, negotiable opportunities, data analytics, and specialty drug cost containment strategies. These efforts have already introduced new employers to ACHRM, ranging in size from 100 to several thousand employees.
