We're not just talking about the problems, we're developing solutions!

ACHRM is creating new ways to help employers assess their strategies for managing healthcare costs and ROI.

Our platform provides direct support to your organization through:
Readiness Audits
Education
Step by Step Implementation Support

Be the disruptive force that changes your company's healthcare costs!

ACHRM offers its Employer community the following key benefits for their Membership investment:

1. Opportunities to learn about national and local healthcare cost containment strategies
2. A seat at the table where solutions are being developed and implemented
3. Collaborate with local and national peers, responsible for their organization's health risks (CEOs, CFOs, COOs, HR Directors, Risk/Benefit Managers, Wellness Directors, Medical Directors, Informatics, Safety / Facilities Managers, among others)
4. Promote your story to receive valuable feedback.
5. **Implementing just one of our solutions can save your organizations thousands in spending!** Learn more through our educational models (workshops, roundtables, webinars, pilots, case studies), resources, and ACHRM's Executive Team(s)
6. Access ACHRM's new platform which provides audit/consultations with a catalogue of solution strategies and support through implementation teams.

"As a member of ACHRM, we're learning about new tools and solutions to make a direct impact. With over 1,000 lives covered, my annual membership fee is a drop in the bucket compared to thousands in savings!" - ACHRM member (Florida market)

How are you prioritizing your population efforts and strategies?

ACHRM's disruptive, viable Data Analytics Partner, **myCatalyst, Inc.**, is empowering Employers -- **for the first time** – to understand their population, prioritize efforts, and take charge of health plans and costs. Employers are using the data tool to **support decisions and strategy development** to assist C-suites and HR Directors while providing CFOs with defensible ROI and other shortcomings

ACHRM's New Solution Pathways...

offers three new options (below) to empower employers. Employers will walk away with tangible services and solutions to implement within their operations, with step-by-step support along the way. Join the other organization who are taking control of their healthcare costs!

Level	Member Benefits
One	*Attend collaborative education events (think tank workshops, roundtables, and webinars); access ACHRM's white papers, pilots, case studies, newsletter, IT solution, or other resources. Learn from your peers who have implemented solutions.
Two	*Employer members seeking engagement beyond Level One may join an existing Executive Team (below), participate in Monthly Board of Advisor planning meetings and ACHRM's Annual Planning Summit . <ol style="list-style-type: none"> 1. Employer – Provider Partnerships (includes Captive – Consortiums, Onsite-Nearsite Employer Clinics) 2. Total Worker Health & Data Analytics 3. Educating & Engaging Your CEO 4. Telemedicine 5. Demystifying PBM & Optimizing Your Rx Strategy 6. Healthcare Cost Containment for Municipalities and Schools (includes Non-Profits and Foundations) 7. Consultant Membership Committee
Three	Empowering Employer Strategic Assessment: questionnaire assessing strategies and identifying areas of impact. Results are reported in an Executive Summary offering recommendations and solutions from our menu of solutions. [Additional fee: \$2,500] Empowers Employer Members to pursue one of the following three pathways: <ol style="list-style-type: none"> 1.) Assess current strategies and offer recommendations, but you're not ready to pursue. 2.) Implement solutions on a Do-It-Yourself (DIY) basis. 3.) Implement solutions engaging ACHRM's Implementation team.
Four	*Build an Individualized Plan with Menu of Solutions: to address Employer challenges, reflected in the Executive Summary. Employers may choose multiple solutions to be integrated into their individualized plan and may choose to continue to Level Five. Suggested solutions: Data Analytics tool, evaluating market pricing and components, direct contracting with medical providers, etc.
Five	Implementation Services: step-by-step support from ACHRM's implementation team based upon recommendations within the Executive Summary. This offers employers options of turn-key solution(s). Employer members will be able to implement a solution without struggling to piece together solution providers. The Employer may select to utilize ACHRM's assembled Implementation Team to execute the strategy developed within their individualized plan.

*Our Individual and Corporate Employer Members can participate in ACHRM's assessment model or can choose to engage in support from ACHRM's menu of strategies and implementation services. Our enhanced model also provides greater opportunities for our Consultant Members and Sponsor Partners.
